Centennial Program

Are you 90 years young or better? If so, you are part of an elite club. Duplin County Services for the Aged would like to add your name to the centennial program. Once senior citizens reach the 100 years young milestone, participants are recognized and honored with a special celebration.

If you know of someone that fits the above description, we ask that you contact Ms. Frankie Hobbs at 910-296-2140. Ms. Hobbs will complete a brief registration form. In addition, Ms. Hobbs will verify the birth date with the local Register of Deeds office.

When the centennial client reaches the age of 100, additional information is required to complete the proclamation. A Duplin County Board of Commissioner will attend the celebration and present the proclamation. A certificate of appreciation from the Governor is presented at the celebration. The event is complete with a birthday cake and newspaper coverage.

Please help us celebrate our senior celebrities in Duplin County.
