

STATE OF NORTH CAROLINA

DUPLIN COUNTY

AN ORDINANCE GRANTING A FRANCHISE TO UNIVISION CABLE SYSTEMS OF RICHLANDS, INC., ITS SUCCESSORS AND ASSIGNS, TO OPERATE AND MAINTAIN A CABLE TELEVISION SYSTEM IN THE COUNTY: SETTING FORTH CONDITIONS ACCOMPANYING THE GRANT AND REGULATIONS OF THE CABLE TELEVISION SYSTEM AND PRESCRIBING PENALTIES FOR VIOLATION OF THE FRANCHISE PROVISION

BE IT ORDAINED BY THE BOARD OF COMMISSIONERS OF THE COUNTY OF DUPLIN, that the above-named Cablevision Ordinance for Duplin County effective November, 1981 the same is hereby revised as follows:

SECTION 6: SERVICE REQUIREMENTS, CONSTRUCTION TIMETABLE AND LINE EXTENSIONS

To read as follows: Grantee shall extend cable television service where the number of potential subscribers is thirty (30) occupied dwellings or more per mile of cable. "Mile of cable" is determined by measuring the distance from nearest active cable television line to the dwelling of the person requesting the service. Distance is to be measured using existing utility right-of-ways and only occupied dwellings within two hundred and fifty feet (250) of right-of-way are to be used in house count.

In addition, Grantee shall extend cable television service to areas of less density upon the written request of any six (6) or more potential customers living within a half mile radius of each other, as follows:

1. Grantee shall determine its then current cost of constructing and extending its cable television service to such customers.
2. Grantee will pay fifty (50%) percent of total cost of construction with remaining fifty (50%) percent being paid, in advance, by customers requesting service.
3. The amount of contribution paid by customers shall be assumed and paid by customer pro-rata. For two (2) years subsequent to completion of the extension (or until thirty (30) occupied dwellings per mile of cable along such extension), said pro rata shares shall be recalculated as additional customers request service. These customers shall pay their pro rata share of the construction cost and customers already having made such payments shall receive a refund equal to the excess of their original pro rata payment over the recalculated pro rata share. At the end of said two (2) year period, all payments for construction remaining in Grantee's possession shall be credited to its capital plant account.

SECTION 34: CONSTRUCTION BOND

The \$50,000 letter of credit required under Section 34 heretofore will be utilized by Southern Cablevision to build and extend cable into areas of the county that may not otherwise be feasible to build. The franchisee will prepare a list of areas to build, a cost break down and a time table for their completion. In lieu of the construction bond required under Section 34, the letter of credit required under Section 33 of the Cablevision Ordinance shall remain at \$2,000.00 and no construction bond shall be required.
